The entrant (driver/owner) has read and agreed to abide by the Zone 8 Driving Event Rules. High speed driving is inherently dangerous. Passing this technical inspection means that the automobile has met minimum safety standards for participation in a driving event. However, no inspection can uncover all possible defects inherent in the vehicle, design or otherwise, and neither PCA nor the inspectors can predict unforeseen circumstances. Neither the Porsche Club of America nor the inspectors make any express or implied warranty of fitness for any purpose. It is the responsibility of the entrant to select a safe vehicle and see to its adequate preparation, as well as to ensure the safe operation of the vehicle and to maintain its safe operating condition.

I have inspected this vehicle and take full responsibility for its condition and rule compliance while participating in this event. I understand that the tech inspector may not find all safety or rule compliance issues:
